[standforhealthfreedom.com/stand/indiana/](https://standforhealthfreedom.com/stand/indiana/)

Even if you have a health freedom state senator, they might not be listed here, as half of the state senate districts don't have an election in 2024. All 9 US House districts and all 100 Indiana State House districts have a 2024 election, if your district is not listed, it is because there is not a candidate recommended or endorsed for your district. Go to [indianavoters.in.gov](https://indianavoters.in.gov) and press "Who's on my ballot" to identify which of these candidates you will be able to vote for. You might not see your state senate candidates listed here if it is not an election year for them.
